**STEPHENI ANDERSON:**

Hello and welcome to HACC. Today we will be discussing how to apply as a guest student. To get started...

[The screen switches to a screen capture of hacc.edu. She clicks on “Admissions” and “Start Here.” A new page opens up. She scrolls down to “Guest Student” and clicks on it. The “Guest Student” page opens up.]

**STEPHENI VOICEOVER:**

...you will want to go to our website at [www.hacc.edu](http://www.hacc.edu). Once you're on the screen, you will want to click in the maroon bar at the top admissions, start here. From this point, you want to scroll down and select guest student, view next steps. On the screen it will give you a step-by-step of how to apply as a guest student. Please keep in mind that you are a guest student if you are currently attending another four-year college or university and only planning on taking a few classes at HACC and transferring those credits back to your home institution. Please follow steps one through eight that are listed on this page. And again, thank you...

[The screen switches back to STEPHENI.]

**STEPHENI:**

...and welcome to HACC.
